12/4/95

Dear mr. Weisberg

Thanks for writing back. How's every thing going for you. So for every thing is good for me. I am Stuck on my last two Chapter's. My last Chapter is my Conclusion on the Kennedy Assassination. My Secaund to the last one is about you. Its about the interview I took when I was over to your house and what I think about you and your Ideas. Its titled My Interview with Harold Weisberg.

Iam reading the Book Conspiracy of one, What a bunch of bull. Did you read that befor. Moore talks bad about you and Groden. Speaking of Groden its been about 3 weeks and I have not got a letter back from him. I think he is a Jerk.

When I told you how I believe Connally is Shot. I dont think 399 did the damage, now Like I said befor I do believe that Connally was hit by one bullet. The reason why I believe Connally was hit by one bullet is, If you use a high powered rifle Like 30-06 from a distance thats not to far, I believe Abullet Could go through the whole body. As you know Dealey plaza is a Small place. The position Connally was in. When hit, A 30-06 Could go through and Could Creat all the wounds. See I study Guns and I go hunting all the time. I Shoot Guns all

The Time. I have a 30-06 and it's one of the most powerfull rifles in the world. Of Course The way Connaley was Wounded is my own idea.

Iam running out of people, To ask you Their address. If you Can every find out Mark Lane's, Jim marrs Addres Please let me Know.

Mr Weisberg do you Know if anyone Jim Garrisons Staff is Still. If you do would you give me any information on them or any Way I Could talk to them. Do you think they Would talk to me About Jim or the Kennedy Case

I dont Know When I will be Able to Come and See you but It Should not be too much longer. I may have to wait to my Spring break Get here Which is in April. I hope it Can be Sooner but I dont Know.
